

Sub-Saharan Africa Region

Day 12

The Sub-Saharan African body of Christ has grown tremendously over the last 100 years. The African Church is destined by God to be a major player in the literal fulfillment of Jesus' Great Commission. He is preparing the African Church as a dynamic example of His promise, "My grace (empowering and enabling) are sufficient for you, My power is made perfect in your weakness!" (2 Cor. 12:9). The Spirit is preparing her for great exploits, bringing in a great harvest among unreached and unengaged people groups in Arab North Africa and beyond.

Let's pray...

Sub-Saharan Africa Region

2

ABANDONED DEVOTION IN THE CHURCH:

- Believers and local churches growing in true Biblical discipleship (Matthew 5-7), becoming rooted in God, His Word and developing experiential knowledge of God (Colossians 1:10; 2:7).
- Believers and local churches walking in prompt obedience to the Holy Spirit in all things, growing in spiritual confidence in the Spirit (Galatians 5:16).
- Believers and local churches growing in love for God's glory being realized in every aspect of their lives, growing in their God-given responsibilities connected to being citizens of the Kingdom of God.

GROWING MISSION MOBILIZATION IN THE CHURCH:

- Believers and local churches defining mission according to Scripture as crossing barriers of geography, culture, religion and language to those outside of access of the Gospel of the Kingdom, that they might experience the restoration provided tthem through Christ.
- The body of Christ in Sub-Saharan Africa overcoming obstacles to mobilizing and equipping the Church in Africa for mission, while enhancing the contributing factors to growing in mission vision.
- Believers and local churches aligning their hearts and minds with God's Biblical, Spirit-led plans for fulfilling the Great Commission, overcoming false perceptions of mission so common in the Church today.
