

# Bolivia

Bolivia is an important nation in God's plans for empowering South America in global, cross-cultural mission. Looking on a map, Bolivia is at the heart of South America. It is a landlocked country bordering five of South America's biggest nations. Evangelical followers of Jesus have grown quickly across the country, reaching about 16% of the total population of 12 million, but challenges related to their walking in true discipleship have hampered the body of Christ. God is seeking to root the Bolivian church in abandoned devotion to Jesus, pursuing wholeheartedness to Him, and as an overflow to become activated in mobilizing His whole church in Bolivia to embrace His plans and purposes among the nations. Mission mobilization movements are always the result of going deep with God in wholehearted love.

## ABANDONED DEVOTION IN THE CHURCH:

- Believers and local churches spiritually strengthened to overcome all challenges, temptations and difficulties “with might through the Holy Spirit in the inner man (Eph. 3:16).”
- Believers and local churches growing with the spirit of wisdom and understanding (Eph.1:17) while calling on the Lord, so the Holy Spirit “answers you and shows you great and mighty things which you do not know” (Jeremiah 33:3) related to God’s beauty, ways, thoughts, plans and purposes.
- Believers and local churches cultivating spiritual depth and maturity through growing in all eight Beatitudes (Matthew 5:3-10) and all nine of the fruit of the Holy Spirit (Galatians 5:22-23)

## GROWING MISSION MOBILIZATION IN THE CHURCH:

- Every local ministry across Bolivia becoming a Great Commission Ministry – a church or fellowship integrating a focus on the Great Commission within the life of their ministry, toward the goal of every disciple becoming activated in their specific assignment or role.
- Pastors and church leaders willingly and deliberately leading and guiding their congregations into being educated, inspired and activated in the Great Commission.
- Every local ministry developing a sending strategy of increasing percentages of their members sent as “message bearers”. Not just one or two people but 20 % of church members being “scattered” to unreached people groups.
