

MONTHLY DAY OF PRAYER  
FOR MISSION MOBILIZATION

# Nepal

The church in Nepal has been experiencing growth even in the midst of difficulties. Today, with 4.2% Christians, they can be a light both for those around them and for the places where many Nepalese settle for work.

Nepal, located between China and India, has 120,000 members of churches and house churches and is growing mainly among women.

God has a plan with the Nepalese church being part of God's purpose to complete the great commission.

**CONTEND!**

*Let's pray...*

# Nepal

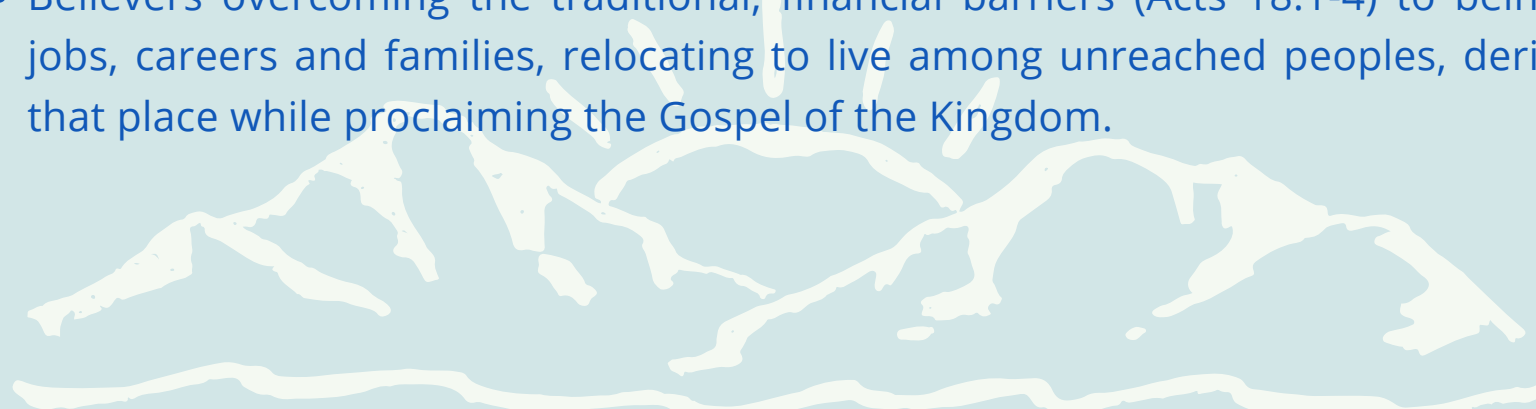

1

## ABANDONED DEVOTION IN THE CHURCH:

- The body of Christ in Nepal filled up daily with the Holy Spirit (Ephesians 5:18), emptying themselves of all that hinders this daily filling process.
- Believers living in victory over sin and the self-life (Romans 8:5-11), embracing the cross (Galatians 2:20) and denying themselves (Matthew 16:24).
- Believers rooted in the depths of the Word of God. Meditating on it, studying it, reflecting, praying the Word for long hours and obeying it (Psalm 1:2-3; Joshua 1:8; Psalm 119:9-16).

## GROWING MISSION MOBILIZATION IN THE CHURCH:

- Believers and local churches growing in understanding of the big picture will (Colossians 1:9) and purpose of God in this age being the “fulfillment of the Great Commission.” (Matthew 24:14; Genesis 12:3)
- Believers and local churches aligning with the Biblical, Spirit-led approach of rapid-reproducing Church Planting Movements (also known as Disciple-Making Movements) among unreached people groups in Nepal.
- Believers overcoming the traditional, financial barriers (Acts 18:1-4) to being “sent” by taking jobs, careers and families, relocating to live among unreached peoples, deriving an income in that place while proclaiming the Gospel of the Kingdom.
